

## PAN-AMERICAN CONGRESS BRINGS SESSION TO HALT

**Havana Delegates Pleased With Results as Candid Statements Clear Misunderstandings**

HAVANA, Feb. 20. (P)—The sixth international conference of American states, known also as the Pan-American congress, adjourned today and is sending to the governments of twenty-one republics of the new world a heavy batch of resolutions and conventions for ratification.

The delegates generally express satisfaction with the results of their labors in Havana. They point out that in this most dramatic Pan-American conference ever held the policies and opinions of all the countries were stated so candidly and forcefully that even if the differences among the nations were marked more clearly than the points of contact, still many illusions and misunderstandings which are so harmful to the materialization of Pan-Americanism, were swept away.

The text of the final proceedings of the conference, including all motions, agreements, resolutions and conventions concluded here, was signed this morning by all the delegations except those which were representative was absent from the plenary session at which the ceremony occurred. It signed the text in the secretary's office.

Although this morning's signatures pledge approval of all the delegations to the agreements concluded, it is expected that negotiations will require a separate agreement which is fixed for tomorrow.

The ceremony was very simple, all delegations being present. A luncheon was reserved for the afternoon session, where Dr. Bustamante, president of the conference, in the name of the Cuban government, had addressed the delegates.

Upon Jacobo Varela of Uruguay, fell the honor of replying to Dr. Bustamante, in the name of the foreign delegations as the representative of the countries where the next Pan-American conference will be held.

The chief function of Pan-Americanism, he said, was "to reconcile the

magnificent civilization which is flourishing under the Stars and Stripes, and the other civilization which perpetuates Hispano traditions."

### HARMONY NOT PERFECT

"To say that everything joins United States and Latin America and nothing separates them," said Senator Smith, "is not true. There are understandings or dangerous prejudices. The Americans have much in common, especially in democratic principles, but there is a definite social intercourse and traditional policy regarding the rest of the world, which one republic enunciates and another does not. In many respects, the Americans and the Spanish-speaking peoples are diverging forces which may come together when the abyss between them is closed." He added.

Dr. Bustamante in his speech reviewed the work accomplished by the conference, assuring the delegates of previous international conferences "surprised our expectations for quantity and quality on the results obtained."

"In a little over a month," he said, "we have made considerable progress in the codification of international private and public law, better organization in the Pan-American Union, giving a strictly continental character to our economic interests which remain apart, above all, languages are diverging forces which may come together when the abyss between them is closed."

He added: "We have made

possible the attainment of our aims of Pan-American Congress." Senator Varela added, "is to promote a better understanding for a fuller knowledge of the cultural and moral values of both civilizations, and for disseminating examinations and comparison of their interests and aspirations in an effort to reconcile the two great spiritual schools, and not antagonize."

LAUDS UNITED STATES

"The United States," he continued, "is not only a major industrial organization, an El Dorado which its citizens know how to conquer, but a prodigious country which gave to the world the first industrial revolution, which later even made objects speak through the genius of Edison, and

## SHINBONES USED TO MAKE ARM

Skilled Surgeons Resort to  
Grafting in Aiding Crash  
Victim

JAMAICA (Long Island) Feb. 20. (Exclusive)—A new left arm is being constructed by surgeons of Mary Immaculate Hospital, Jamaica, for Frederick Smith, 45 years of age, of Springfield, Long Island, under conditions which the medical world considers most remarkable.

Two sections of his skin bones are to be grafted in the place where three inches of his left forearm bone are cut away, with the expectation that eventually the remade extremity will be as good as the old one.

Two months ago the same surgeon who are performing the operation now under way, practically gave up hope of saving Smith's life, following a few days before Christmas when a heavy motor truck sideswiped a sedan he was driving and crushed his left arm.

No attempts have been made to disguise the fact that the degree is aimed primarily at American planes, which, during the war, have employed such practices as to give a monopoly in the film industry of France as well as in many other European countries. France is not the first country to do this, however, and Germany has also adopted a cognizance of this situation through the passage of protective legislation. Similar steps already have been taken in Great Britain, Australia, England, and Switzerland.

But what is worrying American motion-picture representatives abroad is not so much what the French do, but the fact that it gives virtually unlimited power to the minister of Justice so that arm was not stretched forth to apprehend Fall and his fellow-conspirators.

"Monopoly grows fat and the President does not 'choose' to act."

Combinations are formed and organized to obtain a monopoly under the protection of the government, and the President 'chooses' to approve.

"Combinations are packed by inter-

ests, and their ultimate, if the President 'chooses' to do the packing."

"In all the long years of the Coolidge regime, not a single great trial or case involved the operation of law," the Senator added.

The motion picture industry, the film industry, is to study how to avoid the penalties of the statute of the land.

"Mr. Coolidge does not 'choose' to act."

Wisdom of Herriot Measure

PARIS, Feb. 20. (Exclusive)—While French critics generally are balking at a much-needed step the government's action in voting to make effective on March 1, next, the Herriot decree for the regulation of the motion-picture industry in France, there is a large minority which is openly questioning the wisdom of some provisions of this measure.

## GREELEY QUILTS FOREST SERVICE

Colonel to Join Western Lumber Association

Maj. R. Y. Stuart Will Take Charge of Work

Resigning Chief Veteran of Twenty-four Years

WASHINGTON, Feb. 20. (AP)—The resignation of Col. William B. Greeley, chief of the Forest Service of the Department of Agriculture since 1920, effective May 1, to accept a position with the West Coast Lumber Manufacturers' Association, was announced today by Secretary Jardine. He will be succeeded by Maj. R. Y. Stuart, present assistant director in charge of public relations.

Col. Greeley has been with the Forest Service since 1904, and he has had a wide range of experience, representation, supervision over timber sales and co-operative work with the States and private owners in promoting fire protection.

As chief of the forestry section of the American forces in France during the World War, he had charge of 21,000 acres of military saw mills, while in his present capacity he administers more than 150,000,000 acres of Federal land.

Maj. Stuart has been with the de-

Sophie Irene Loeb Predicts Orphan Home Doom

NEW YORK, Feb. 20. (AP)—Hasty marriages and companionate unions today drew the ire of Gov. Christian of Minnesota at the national conference of the Child Welfare Committee of America.

Pleading for greater recognition and security of the value of the home, Gov. Christian attacked companionate marriage as the easiest, the most fantastic and the most dangerous expression of the revolt against the home.

Marriage, he said, was regarded as the binding "severed seven times it once was."

Gov. Christian said the most dangerous expression of the revolt against the home was the "hasty marriage."

## DYRS DISGUISED WITH ACCENT

New Yorkers in Baltimore Open Sesame During Walker's Visit

BALTIMORE, Feb. 20. (Exclusive)—Not that Saturday's visit of Mayor Walker had anything to do with it, but it was an idea, just the same, and it worked. Federal prohibition agents operating here, finding themselves jaded for seeking successful disguises, had the idea. They decided to "talk like New Yorkers."

Raised in hill-and-run manner, the undercover man, Joseph Dill, preceded the agents into each emporium. Adopting what he felt to be sure-fire "New York," he ordered his drink. It was produced forthwith. Enter the idea.

## COTTON COUNCIL DOCTORS DIFFER

"Cure Can't be Legislated," Says Gov. Moody

Drastic State Law Favored by Mississippian

Dallas Dealers Would "Fire" Secretary Jardine

JACKSON (Miss.) Feb. 20. (AP)—Prosperity of the South must come through education because "it cannot be obtained through legislation," Gov. Moody of Texas declared today before delegates attending the cotton conference he called to devise means for controlling cotton production.

Gov. Moody said, "that laws can be passed that will give the farmers equal opportunities with other business."

EDUCATIONAL PLAN

An educational plan for reducing the cotton acreage in Texas with a view to increasing the price of that commodity was outlined by the Texan, which would require the aid of the nation's teachers and members of the judiciary and school officials.

A resolution to control cotton production through state legislation among proposals advanced at the conference.

W. B. Roberts, state Senator of Dallas without stinting limitations for crops, declared such a measure "a radical one to remedy a radical situation."

"OUT TO BE A LAW"

"Execution of such a law by the legislature and its enforcement would mean the salvation of the cotton farmer," Senator Roberts said.

Mr. West said for every orphan child in America there are from fifty to 100 others who will willingly receive him.

Gov. Weeks pleaded for faith in the growing generation and recognition of the value of the home.

## COTTON MAN WOUNDED IN TRADE ROW

Wealthy Manufacturer Shot Through Cheek by Former Employee

CHARLOTTE (N. C.) Feb. 20. (AP)—T. Le Roy Springs, wealthy cotton manufacturer of Lancaster, S. C., was shot in the cheek here today by Edward Griffith, a cotton buyer and former employee of Springs. A business misunderstanding is thought to have caused the trouble, which occurred on the main business street of the city.

The wife of the injured man is a prominent cotton company woman for South Carolina and was placed in nomination for vice-president at the Madison Square Garden meeting last night. Elliott White Springs, his son, was a captain in the United States air forces during the war and is a widely known writer of aviation stories.

Authorities at the hospital where Springs was treated said that the shot had entered his right cheek, shattered the bone and shattered again the skull. The cotton manufacturer will be entirely recovered within a few weeks.

HAMBURG ELECTION SHIFTS PARTY SEATS

HAMBURG, Feb. 20. (AP)—Tabulation today of the vote in the election of the free city of Hamburg's Parliament yesterday shows gains for both the Democrats and the People's Party. The Democrats increased their number of seats from sixteen to twenty-one and the People's party from eighteen to twenty. The seats in the German National decreased from twenty-nine to twenty-eight, the Socialists from sixty-three to sixty. The Communist and Fascist votes increased, but the number of seats held by them remained the same. The People's party failed to elect a Socialist to Congress.

# Bert Colima is Made Slight Favorite to Defeat Anderson in Olympic Fight Feature

## MIDDLEWEIGHTS CLASH TONIGHT

**Galloping Kentuckian Lacks Knockout Wallop**

**Mexican Battler Figured Too Fast for Joe**

**Sorio and Pielas Mix Over Semifinal Route**

Bert Colima is the favorite to defeat Joe Anderson when the two middleweights clash at the Olympic tonight. The ten-round main event. To pick the Mexican over the galloping Kentuckyman, it is going to depend on the speed of the fighters.

Colima is the favorite to defeat both Leo Lomaki and Dave Shade, while Lomaki is a solid favorite to beat out Shade and had no trouble putting the halter on the Mexican.

But the particular style of Anderson seems to be made to order for Coloma.

The hard hitters make the Mexican look listless. But Anderson is not a knockout puncher. The Kentuckian relies more on grit and determination to win his decisions rather than speed.

Anderson is not a good finisher. He usually makes his bid in the early part of the fight.

The Kentuckian has a habit of leaving an audience in doubt and uncertainty. And when he starts he slows down and is fought out at the finish.

Anderson has old Tiger Blow's record of winning the last round, but the Deacon did so many things and how the last round that there was no riot over the decision.

The same was true in the Shade bout. The Kentuckian's defense just the same because the referee happened to remember that shade stalled during the early rounds, while Joe was making the rounds.

The fight for Colima and Anderson is 160 pounds. Both are figuring on a scrap with Mickey Walker. Colima may get a dip at the middleweight title here some time this year. He is a good fighter and will continue to do well over the years.

Colima has one chance at Walker in an overtime scrap and bides his time.

He was one of the Mexican's first ten-rounders and would be had the old colts in his crew.

However, the Mexican is so brilliant that many would still gamble that he can whip Walker.

Ruby Sal Sorio and Jimmy Fisher box the semi-wind-up tonight. This is a great little fight.

Sal is a shrewd boxer and a puncher. The little Mexican is bringing his own rooting troupe here from San Bernardino.

Louie Soria and Murley Green

Not the spiritual, but the physical, route to victory.

Evane Fortune and Joe Bito, Ted Shuler and Albert Konz, Ted Bud Taylor will be here tomorrow night.

Pauline Uesudun will be thrown at the Olympic tonight before the main event.

## STECHER LOSES TO 'STRANGLER'

(Continued from First Page)

than his Nebraska foe. He also forced the issue from the start, keeping Stecher on his defensive almost all the time. Stecher only succeeded in having Lewis on the ropes.

The match drew a crowd of about 5000, with receipts amounting to about \$50,000 or \$60,000, according to Promoter Tom Pack.

The grueling encounter started at 16 o'clock and was not finished until almost 1:30 a.m.

**LEWIS JUBILANT**

Lewis was jubilant over his victory and promised to defend his title against any outstanding challenger any time suitable inducements were offered.

Stecher was crushed in his defeat. He had nothing whatever to say.

Stecher's weight was announced at 220, with Lewis scaling 222 pounds.

The match began in mid-ring and immediately became a struggle, with each other's heads.

Stecher wore full-length maroon-colored tights with blue trunks. Lewis wore white.

They were exceedingly cautious in their work at the start. Lewis' back started to glisten with perspiration after they had tugged at each other's heads for a minute or two.

After fourteen minutes Lewis tried to clamp on a headlock, but Stecher got away.

After another minute Stecher dove for the leg, but Lewis anticipated his thrust and they resumed tugging one at the other, continually working backwards in a small circle in mid-ring.

Stecher started to drip with a healthy perspiration after they had been tugging for nine minutes. Lewis was trying for his favorite hold, but Stecher would not be trapped.

Lewis finally clamped on a headlock after twenty-one minutes.

Stecher escaped to his knees and broke the hold. Then he tripped Stecher, after twenty-seven minutes with Joe going to the mat on his side and Lewis attacking him to keep him from getting up.

Stecher to the edge of the mat, with Joe trying for a scissors on the leg.

They got too close to the edge of the ring, and Stecher fell to the floor, went to their feet, resuming tugging from a standing position in mid-ring.

After forty-four minutes Paul Stecher made a split of faints about 200 yards apart, but Stecher slipped away.

By that time big drops of perspiration began to drip off their slippery bodies.

The first of the first hour found them in mid-ring, tugging and mauling.

Lewis in the first sixty minutes had a slight advantage, but with Stecher making no fool of him.

The second hour saw both fighters working cautiously, that one newspaper writer snored in peaceful sleep in his chair at the ringside.

As the second hour started Stecher made two dives for Lewis.

## OBSERVATIONS

BY THE  
INNOCENT  
BYSTANDER  
BILL HENRY

WHEN we first started writing pieces for this paper, in 1915, Mr. Carr, who was the presiding editor of the destitutes of the sport page, made a great effort to impress upon our precocious intellects the place to publish obituaries or anything else that had to do with people who had become null and void. About 1918 we began to tell on him about six years ago, when he quite suddenly became a nonentity. And we were going to take care of certain sports in which the athletes themselves were obviously dead from the neck up, it is both a bright question mark. Mr. Carr stuck to such an extent that in 1918 he went over to take charge of the World War, leaving his dopes to Anderson.

But the particular style of Anderson seems to be made to order for Coloma.

## LOCKHART PUTS SPEED IN TRIAL

(Continued from First Page)

The truth of the matter is, it seems to me, that the trial to remain in New York and fight a set-up or two, but that "Updease Down" decided to fight a few guys on the way to the front.

He has plenty of color and more class than anyone else in Tex Rickard's elimination tourney, according to the "Times." He is a good fighter, but I don't think he is the best case of "Updease Down" in the pants instead of Tex putting him overboard, as he has reported in some quarters.

# Spring Training Grind Gets Under Way for Portland Batterymen at Santa Ana

## DUCKS WORK IN ORANGE COUNTY

**Ernie Johnson Grets Small Squad on First Day**

**Pitchers Yerkes and Wetzel Are First to Report**

**Main Crew of Beavers Will Arrive Next Monday**

SANTA ANA, Feb. 20.—The vanguard of Portland's baseball entry in its Pacific Coast League campaign of 1932 began uneventfully yesterday at the Orange County fairgrounds under the watchful eye of Ernie Johnson of La Jolla Beach. The opening of the training grind today found a more handful of battery men with names to report to join on Monday. Pitchers Yerkes and Wetzel are first to report. The main crew of Beavers will arrive next Monday.

ERNIE JOHNSON

"Ducks" ARRIVES FIRST

Carroll Yerkes, left-hander, who was with the club last year, was the first man to report. He arrived yesterday with his wife from Philadelphia.

"Wet" Wetzel, big right-hander, who was with the Philadelphia "K" last season, has come into camp last night, having dropped off a train in his home town, Des Moines, Iowa.

Both pitchers look fit and expect to find confidence in their prospects for a good season.

"Doc" Casey, club trainer, also arrived yesterday from San Francisco with the team. He will be on hand to take on all concerns in the way of sore muscles and strained ligaments.

**ROY MACK DUE SOON**

Manager Johnson, who is making his headquarters at St. Ann's Inn, Santa Ana, said he expects Roy Mack, training director, to be on hand to reach here soon to remain during the training season.

Johnson has signed thirty-five men for the 1932 season, and all will be in action in about two weeks. He has thirteen pitchers and five catchers on his squad.

The aggressive little Duck manager is well pleased with the prospects of the team. In Orange County, the Portlanders being the first league ball club ever to try this territory. The weather, judging from today's training, promises to be wholly advantageous for the best conditioning, said Johnson.

The first game scheduled for the training season will be with an Orange county club on March 4.

## BEAR-STANFORD GAME TO DRAW BIG CROWD

BERKELEY, Feb. 20. (Exclusive)—According to present indications, the seating accommodations of \$300 persons in the Kresge stadium basketball court will be taxed to the limit this week when the University of California and Stanford basketball varieties engage in their annual "Big Series." This feature event of the coming week will be the outstanding attraction this year owing to the fact that the Red Shirts believe themselves capable of capturing their first series in a number of her seasons.

## LLOYD HAHN THREATENS TO BOLT K. OF C. MEET

(Continued from First Page) sides withdrawing from the most widely heralded running event of the indoor season—the one-mile race at the Knights of Columbus meet, the 20th Inst., in Madison Square Garden against Conger, Dr. Otto Peltzer of Germany and possibly Joe of Illinois. However, Club Hahn has planned his winter campaign all along with the idea of attempting to lower the world's indoor mile record of 4m. 12s. at the K. of C. meet.

"It is a question of temperament," says the sleek Nebraskan said. "It's a question of sportsmanship and whether I care to compete against a man who fouled me twice, deliberately, in the 100-yard dash at the Kansas City Saturday night."

"Jack Ryer, my coach, must convince me that I'm wrong," Hahn rumbled. "But I don't want to detract from Conger's running record. He probably won't get credit for a new world record with the 2m. 11s. he turned in because there was no raised border on the inside of the track. It was a 2m. 11s. 1m. though, and on the fast Madison Square Garden track would have been as low as 2m. 9s."

"There is no question in my mind that Conger took a mile. On the track curve, forty yards from home, he bumped me on the shoulder from behind and knocked me off the track. I fell in behind him, thinking it an accident. In the final drive, I caught him and was ready to pass again, when Conger stepped over directly in front of me and knocked me out of stride. Then I realized that the foul had been set up to stop me and walked across to a stop sign and walked in. There was no use running faster, he probably would have fouled me again."

Conger's best time tonight made in his first heat of the sixty-yard event, was 6 1-4s., equaling the world's mark set by Loren Murchison five years ago, but he won the final in 6 3-4s. to beat out Widermuth by inches.

## STARS ELIMINATED

Al Miller, former Harvard ace, and Polk School Pennsylvanian, was sent out fourth in the final heat after such cracks as Roland Locke, the famous Nebraska, Jackson Schools and Louis Murchison had been eliminated. Louis' mark in his second heat was beaten by Smith in his first heat and finished last in his semifinal heat, won by Quinn.

Sabin Carr of Yale narrowly missed in three attempts to shatter his own world's indoor pole vault record of 10ft. 6 1-4in.

## Bronco Ball Schedule Set

Because of a conflicting program, Santa Clara University, a member of the California Intercollegiate Baseball League, will probably play the Southern California and U.C.L.A. series in the north before March 15. The Bronchos were originally scheduled to come south, but were not able to do so, and the southern universities agreed to playing at Santa Clara, according to information received yesterday. California and Stanford also shifted their schedules in order for the Santa Clara series.

## Richfield is Hockey Winner

In one of the roughest hockey games staged here this season, the Richfield Oilers defeated the Los Angeles Maroons by 6 to 5 score last night at the Palais de Glace rink. The game was marked by fights and penalties. The referee sent eighteen men off the ice.

The Maroons took a 3-to-1 lead in the first period, but the Oilers, led by Bud Hornefeld, staged a hectic rally in the second period which netted them a 5-to-3 victory.

The last period was a desperate affair. Both teams used the rough tactics of tactics. The Maroons gathered in one more tally just as the contest ended.

## PARAMOUNT SKATERS COP HOCKEY BATTLE

Led by Al Sundals the fast Paramount ice-hockey team defeated the Edison skaters by a 6-to-1 score last night in a game staged at the Winter Garden Ice Palace under amateur rules. The skaters, with Al Sundals as captain, tied 1-to-1 at the start of the second period Sundals went on a rampage and bounded in three goals for the winners. He made two more, while the skaters scored one. Paramount team an easy victory. Hune scored the only goal made by the Edison hockey players.

## POMONA FROSH TRACK TEAM MEETS CITRUS

CLAREMONT, Feb. 20. (Exclusive) In their first dual meet of the year, Pomona's frosh track team beat the Citrus Union High School at Citrus next week. Bob Strehle has been coaching what frost trackmen there are, but it looks like a lean year on the standard over unless a few more show up.

Harvey Bear, star sprinter; Russ McKnight, quarter-miler, and Guy-Curt Hunt, hurdler, are the outstanding performers thus far. The bronchos are not showing up in the locking or totally absent. Citrus is fairly strong this year and should win over the Pomona babies.

## LINCOLN SEEKS TO GET BALL CLUB BACK

LINCOLN (Neb.) Feb. 20. (AP)—In an attempt to force return to Lincoln of the Western League franchise recently transferred to Pueblo, Colo., Earl Coryell, president of the Lincoln Baseball Association, wired to the National Association of Minor Leagues, requesting he take steps necessary to bring about review of the case and final finding at the hands of the board.

## YANKEES' CLASS PROVEN

The 1931 world series plainly demonstrated the class of the Yankees, but the 1930 fair was a different matter for the Yankees. In that series, it was easy to see that both Hornsby and Huggins used all their pitching resources to win the championship, so as to keep the Yankees from getting the title. Still, the series went the full seven games. With the title at stake in the last game, neither manager was able to call upon his favorite pitcher to start. Peacock and Alvin mounted the hill in the closing innings as the managers' last resort.

It is merely a wild guess when an underdog manager should terminate his series with a series of straight games. About the safest and easiest prediction on a world series is that it will go at least six games. Then, if it ends in five or seven games, the prophet is only one game off.

## POMONA FROSH FIVE MEET OXY SATURDAY

CLAREMONT, Feb. 20. (Exclusive) Back from a victorious invasion of the south, where they overwhelmingly defeated the San Diego State College frosh, Earl Merritt's Pomona Gaechicks opened training here tonight for their last conference basketball game. The Frosh played on the Tigers' floor Saturday night. The Chicks haven't a chance for the championship, having dropped their first game to Redlands, but they can still have a fine finish and glory in their remaining games.

Merritt plans to start Capt. Harold Haffield and Stan Hahn at forwards, with Al Putnam at center and Kelson and Pettit, guarding.

## SAGEHEN TENNIS TOURNEY TO START

CLAREMONT, Feb. 20. (AP)—An invitational tournament, for the purpose of selecting the five regulars for Pomona's varsity tennis team starts this week at Pomona College. A. C. uncorked a great closing sweep of Dartmouth and win the Biwayers 500-yard race, one of the older classics of the meet.

Tierney trailed Swope as he ran in distress, had lost valuable ground.

## GREAT FINAL

A great final quarter-mile was foiled by a yard to give his team a triumph over Holy Cross in a sensational one-mile match relay. Charis, third Holy Cross runner, gave a ten-yard lead to his team.

Durkin, who was hard pressed to keep the lead in the face of Hoc-

Princeton's great finishing spurt.

Princeton scored a hollow victory over Yale in a half-mile match relay, winning by a half-mile after Par-

ridge, second Eli runner, apparently in distress, had lost valuable ground.

## FRANK BURNS

Frank Burns of the Boston A. C. uncorked a great closing sweep of Dartmouth and win the Biwayers 500-yard race, one of the older classics of the meet.

Tierney trailed Swope as he ran in

distress, had lost valuable ground.

## JOE TIERNEY

Joe Tierney of the New York A. C. uncorked a great closing sweep of Dartmouth and win the Biwayers 500-yard race, one of the older classics of the meet.

distress, had lost valuable ground.

## RECORD WAS CORRECT

KANSAS CITY (Mo.) Feb. 20. (AP)—Whether official recognition will be sought for Ray Conger's new world record of 2m. 11s. for the 1000-yard run remains to be seen. The record was set by Lloyd Hahn of the Boston A. C. his first defeat since 1926, was undetermined today. The record broken was 2m. 12s. 2-4s., made by Hahn.

Confidence that the time was cor-

rect was expressed today by Keedy Campbell, head timer, who has been timing the races for many years.

Mr. Campbell said there was no question in his mind about the time.

Three of five watches caught Conger in 2m. 11s. he said, and a fourth was only one-tenth of a second

behind him.

No official notice had been taken of Hahn's protest that he had been fouled on the final turn of the race when Conger passed him.

### ITALY'S BALLOT CURB APPROVED

Ministers Pass on Mussolini Electoral Reform Bill

Number of Deputies Reduced to 400 by Measure

Tax Exemption for Large Families Also Voted

ROME, Feb. 20. (AP)—Premier Mussolini's measure for reform of the electoral law was approved by the Council of Ministers today.

The number of Deputies is reduced to 400 (previous 838) and the candidates will be proposed by the thirteen national corporations or guilds—two names for each seat. Organizations approved by the state other than corporations who may nominate 100 candidates all told.

All names thus gathered will be passed on by the Placido Grand Council, which will form a list of respective Deputies. Choosing them from among those proposed, or the Council may take others, in order to include leaders of the scientific and literary world. The list thus formed will be submitted for approval to the electorate, which may vote thereon "yes" or "no."

The same list will be presented throughout the country, Italy thereby forming one constituency.

The Ministers also approved a bill intended to exempt about 35,000 large families primarily from all taxation. State employees, soldiers, sailors and those of pension age have been more often given preference and of Italian nationality to benefit by this measure.

Those employed privately must pay taxes on their incomes upon them or must have had twelve or more dependents of which at least six are of dependent age to come under exemption.

Masquerader Sent to Jail

NEW YORK, Feb. 20. (AP)—The man who masqueraded his way into the hearts and the pocketbooks of many women under the bogus name of Lord Beaverbrook, and other aliases, was sentenced to ten years' imprisonment for grand larceny.

Arrested in Philadelphia in June, 1938, and known as Robert Whitman, he was arrested on the complaint of Mrs. Rose Burken, who testified at his trial last month that he had obtained \$60,000 worth of jewelry from her and vanished.

Mooney, general representative, pleaded guilty today to assault charges growing out of the 1926 carpenters' strike. Similar charges against four others were dismissed by Superior Judge Conlan.

The nine defendants were charged jointly with assault with a deadly weapon on W. Lee Allen November 4, 1926, at Glenwood on October 21, 1926. Both, the latter were

sentenced to ten years' imprisonment.

Sentence will be passed tomorrow upon the five remaining defendants.

Those who pleaded guilty, in addition to Mooney, were: Richard J. Hubbard, Andrew Dillon, Albert R. Moore and George V. Freedman.

George Freedman is serving gen-

erally in San Quentin with Gus Madsen on murder charges resulting from the fatal beating of MacLean Campbell, American-plan carpenter.

Other trials for strike disorders are pending against members of the brotherhood. The most serious of these is the case of the leader for March 19, 1926, in which five men face murder charges in connection with the death of Campbell. Mooney, admitted chief of the brotherhood on the Pacific Coast, is one of the leaders. Paul Lawrence Walton, Paul Clifford, John J. Cannon, Sam A. Moore and Christopher O'Sullivan are charged jointly with murder.

Two PENNSYLVANIA SLAYERS DIE IN CHAIR

WILLIAMSPORT, Pa., Feb. 20. (AP)—Two negro murderers, both from Philadelphia, were executed in the electric chair at noon today.

Edward Lockett went to the chair for the murder of a Philadelphia policeman. Frank Arnold, 47 years of age, was executed for the killing of his common-law wife.

HUNDREDS DROWN IN CHINESE SEA CRASH

SHANGHAI, Feb. 20. (AP)—Three hundred Chinese today were reported to have drowned in a collision between the Chinese vessel Hain Tsing and the Japanese steamer Atsumi Maru. The accident occurred Saturday off Chian Kiang.

### JAPAN ELECTION OPENS NEW ERA

First Manhood Suffrage

Vote Cast

Nine Million Ballots Added by Edict

Results Will Not be Known Before Thursday

TOKIO, Feb. 20. (AP)—A milestone in the history of Japan was raised today when universal manhood suffrage was introduced for the first time in a general election and thousands of laborers and rickshaw pullers cast their votes the same as the proud descendants of the ancient samurai.

At the last national election, the right to vote was limited to taxpayers and only 3,000,000 persons were entitled to cast the ballot. Today, men of every year of age, who could read and write and could fulfill residence requirements were privileged to take part in the polling.

With the imperial edict, approximately 9,000,000 voters were added to the electorate, making a total of about 12,000,000.

INTEREST INTENSE

Intense interest centered in the election and the business life of the nation was virtual at a standstill during the last few days of the campaign.

RESULTS KNOWN THURSDAY

There were 900 candidates for the 465 seats in the Diet, which was dissolved last month. The Seigoku, or Government party, had about 370 candidates, the Minseito, or opposition party, had about 300, a number. The rest of the candidates were divided between the proletarians and the independents.

The election was held at 6 p.m., but the counting will not begin until tomorrow and it is not expected that the final results will be in before Thursday.

Many Mexican Rebels Die in Bombing Attack

MEXICO CITY, Feb. 20. (Exclusive)

Heavy casualties have been inflicted on two rebel bands operating in the State of Zacatecas near Cuquio by a brace of airplanes, one of which was piloted by Capt. Emilio Carranza, who soon is to attempt a flight from here to the United States according to dispatches reaching here today.

The two ships operated as bombers and scouts for more than seven hours after returning to their military base, and the rebels' movements of cavalry have been sent to the scene to complete the task of annihilating the insurgents. Trains of the revolutionaries, the national lines of Mexico which pass through Cuquio, are regarded as dangerous, will run at reduced speed and be accompanied by a company of two armored cars filled with troops, and the rebels will send passenger trains to scout outlying territory for traces of rebels, railroad officials announced today.

Angeleno Can't Read but Gets Rich Via Gum

BERKELEY, Feb. 20. (AP)—No person who uses tobacco may belong to the Christian Endeavor Union in California if an action of the executive committee is carried out.

The executive committee yesterday concluded a meeting here at which it adopted a resolution banning the use of tobacco by members. It fixed the date of July 1 to 8 for the annual State convention, which will be held here.

The committee was in session for three days.

SAN QUENTIN FERRY FRANCHISE GRANTED

SAN FRANCISCO, Feb. 20. (AP)—A franchise to operate an automobile and passenger ferry service between San Francisco and Point San Quentin was awarded to the Golden Gate Ferry Company yesterday by a unanimous vote of the San Francisco Board of Supervisors.

The life of the franchise was fixed at fifty years, and the company agreed to pay the city and county of San Francisco \$100 a month.

New San Diego Power Plan Laid

SACRAMENTO, Feb. 20. (AP)—A power development involving the proposed expenditure of \$6,000,000 in San Diego county is revealed in an application for a water permit filed today with the State Division of Water Rights by Malcolm B. Woods of Woods.

Woods contemplates diverting seventy-five cubic feet per second from Coyote Creek. The project involves the construction of a concrete dam 500 feet in height.

In the application Woods did not state the amount of power he plans to develop and gave no indication of the output except that it would be used for commercial purposes.

Student Safe at Home of Friend

CALIFORNIA (Mass.) Feb. 20. (AP)—Lyman Wilson Lewis of Fresno, Calif., Harvard graduate student who disappeared from the Stillman Infirmary yesterday, was found today at the Brooklyn home of Ernest B. Dane, president of the Brooklyn Trust Company. Dane's son is a friend of Lewis.

The police were asked to aid in the search for Lewis after it was learned he had been missing since his room from the infirmary, packed his suitcase and later left the suitcase beside a hedge in a nearby street.

The search was continued in the

area where he was last seen.

## GOODYEAR TIRE PROFITS HIGHER

**Net Increase for Year Set at \$4,336,528**

**Total Unit Sales Gain More Than 15 Per Cent**

**Exchange of Stock Plan Held Aid to Company**

**ERON (O.) Feb. 20. (Exclusive)—Total net profits of Goodyear Tire and Rubber Company in 1927 amounted to \$13,123,660, compared with \$8,795,138 in the preceding year, according to the annual report made available by President George W. Litchfield yesterday. The profits were credited to surplus after deducting \$9,200,648 for depreciation of plants and equipment; \$5,800,000 for interest on investment and contingencies and profits of subsidiary companies applicable to stock not held by the company.**

**Total unit sales of Goodyear tires and rubber products of more than 15 per cent over 1926 while consolidated total sales of all products were \$222,376,840, about 5½ per cent less than in the preceding year, reflecting the generally downward selling prices which prevailed during the year.**

**Reporting practically unanimous acceptance of the company's offer to exchange its 10 per cent preferred stock for 10 per cent preferred stock, President Litchfield said this had resulted in an increase of current dividend income for preferred stockholders and "through removal of the restrictions on payment of preferred stock dividends and reduction of other barriers had largely cleared the way for dividends on common stock whenever the company's earnings justify rates and surplus will justify their declaration."**

**Consolidated surplus at the close of the year amounted to \$25,860,105.**

## Similar Titles Cause of Mix-up

**As a result of a reported petition to show cause why a receiver should not be appointed for the Guaranty Mortgagors, Inc., the office of the Morgan Guarantees Company were yesterday besieged by telephone and personal calls from clients, according to a statement by Morgan Adams, president.**

**Mr. Adams announces for the benefit of those who may have been misled by the similarity of names, that the concern against whom the suit was brought has no connection whatever with the Morgan Guarantees Company.**

## TITLE COMPANY HEAD RETURNS FROM EAST

**Stuart O'Malley, president of the California Land Title Association and first vice-president of Title Insurance and Trust Company, has returned to his desk after a trip to Chicago and New York. He attended the annual meeting of the American Title Association. Mr. O'Malley is vice-chairman of the title-insurance section of the association. Other sections of the California titles were Donnel Stoney of Title Insurance and Guaranty of San Francisco, and Benjamin J. Henley of the California-Pacific Title and Trust Company of San Francisco.**

## PAPER CONSOLIDATION NEAR

**Zellerbach and Crown Willamette Discussions on Again; Former Company Expected to Control**

BY EARL E. CHOWE

**After having been abandoned at one time in the last few days, merger negotiations in the Pacific Coast paper industry have proceeded smoothly since resumption, it is understood, and the chances now are much better for success. Discussions do not include International Paper, largest manufacturer in the industry, but are confined to proposals of a union between Crown Willamette and Zellerbach, the two large Pacific Coast companies.**

## Burglary Risk Costs Reduced in California

**Except in Los Angeles city and county, burglary insurance rates in California have been reduced 17½ per cent, the National Bureau of Casualty and Surety Underwriters has announced. In Los Angeles the rate is nearly twice as much as in other parts of the State.**

**Under the new scale the burglary insurance rates in California will range from 15 to 25 per cent, compared with the former rate of \$22 per \$1000.**

**In contrast the rate in Los Angeles is \$33 per \$1000, the highest in the United States. The Chicago burglary rate is \$18.50, and Philadelphia \$18.25.**

**The rates, according to the report, are based upon policy conditions, detective efficiency, ratio of recovered to unclaimed losses, the amount stolen, and the experience of underwriters over a period of several years.**

## Stock Exchange Official Resigns

**Resignation of D. A. McGilvray as second vice-president and member of the board of governors of the Los Angeles Stock Exchange, effective March 4, next, was announced yesterday by John F. Morgan, president.**

**Mr. McGilvray also stated that he had resigned because of the increase in current dividend income for preferred stockholders and "through removal of the restrictions on payment of preferred stock dividends and reduction of other barriers had largely cleared the way for dividends on common stock whenever the company's earnings justify rates and surplus will justify their declaration."**

**Consolidated surplus at the close of the year amounted to \$25,860,105.**

## NEW ISSUES ON PACIFIC MART TODAY

**Railway and Coke First Mortgage Out; Airport Bonds Awarded**

**New financing announced for distribution on the Pacific Coast today includes a first mortgage issue of the Nashville, Chattanooga and St. Louis Coal and Railway, and the California-Alaska Coal and Coke Company, besides farm-join bonds of the San Antonio Joint Stock Land Bank, San Diego Municipal Airport bonds are expected on the market in the near future.**

**J. P. Morgan & Co. offers the first financing in recent years to cover the entire property of a railroad, with an issue of \$10,000,000, \$1000,000, \$1000,000 and \$1000,000.**

**Chattanooga and St. Louis bonds are priced at 97 and interest to yield approximately 4.1%.**

**California-Alaska Coal and Coke Company are marketing \$600,000 first and general closed mortgage fifteen-year 7 per cent sinking-fund bonds.**

**The company, with head offices in Seattle, is engaged in the mining of coal and the manufacture of coke.**

**F. Childs & Co. offer \$600,000 San Antonio Joint Stock Land Bank 8 per cent farm-join bonds, due 1958, and redeemable 1938, at 100 and interest to yield 4.7% and a premium of 10%.**

**The company has a large number of bonds outstanding.**

**It also owns and operates two memberships on the local exchange and with the affiliation of Mr. McGilvray, they will control three seats.**

**This establishes a precedent for seat assignments and is an indication of a readjustment among the membership pointing toward the firm establishment of post trading, which was recently announced.**

## Net Profits of Utility Chain Up

**Net earnings of the Cities Service Company, available for common stock dividends and reserves, and after all charges, amounted to \$23,392,015 for the twelve months ending January 31, last, as against \$16,741,493 for the twelve months ending January 31, 1927, an increase of \$6,650,322 or 33 per cent, and an increase of 10%.**

**This is equivalent to 26.68 per cent on the average amount of common stock outstanding, \$33 per share, as compared with \$28 per share, or 4.27 per cent of common stock outstanding a year ago.**

**The company's net earnings were more than 12.5 times interest and dividend on the debt outstanding for the corresponding period a year ago.**

**The net to stock and reserves was 4.38 times preferred stock dividends, compared with 3.66 times.**

## Report of Flood in Russia Turns Wheat Price Up

**CHICAGO.**—(UPI)—Wheat values were up yesterday, a good part of the day, with the near-by delivery selling at a new high on the present movement and at the best figure since the middle of December with the July in at 1.33%@1.35%, and the March 1.32%@1.33%. May 1.31%@1.32%, and July 1.30%@1.31%. Corn stabilized unchanged to 1.0c higher, with March 1.04%@1.05%, July 1.04%@1.05%. Oats were off 1.0c, with the March 1.04%@1.05%, and July 1.04% at a new high for the season.

Prices and private cables telling of a serious flood situation in Russia had considerable influence on the North American market, however, with the largest responsibility for the early buying here. There was no material pressure until the market advanced above the offers, when selling by the holders and the market continued with the buying side of futures here, while exports and houses with continual confusion bought at Wheatgate. The latter closed 1.0c higher for the day. Millers were content to hold their positions, but dealers, brokers and merchants, there was no large business, excepting in flour, although there was some business in can grain here with eastern mills. Export demand at the seashore, after a little activity, was very slow. Wheatgate to the United Kingdom and the continent. Domestic wheat 1927-28 decreased 1.0c, 400 bushels for the week and is 24,217,000 bushels, against 23,000,000 bushels last year. Wheat which was showing 1.0c higher, was being bought by American traders who were selling here a factor. There were further reports of damage to the new winter wheat crop in the Central West as the result of freezing and thawing.

Corn held within a range of 1.0c@1.05c, with trades less active than of late, and while local buyers were inclined to the buying side, the break in strength was evident and with the strength in wheat, dealers did not want to buy. There was also selling of corn against purchases of wheat by speculators. Weather conditions over the wheat fields were favorable for the movement of the grain.

Wheat—Wholesale supply increased 1,500,000 bushels for the week and is 39,073,000 bushels, against 42,271,000 bushels last year. Basis on wheat was 1.0c higher to the higher as compared with March.

Received Wheatgate developed in one, while local buyers were on the strength in wheat. Corn offered 1.0c higher.

Precious metals made gains at the market, both for near-by and for April-May-June shipment, but the quantities were not given. House with seasonal corrections bought futures, and dealers offered 1.0c higher for grain.

There was no material pressure on purchases and sufficient buying developed on the strength in wheat and in hope to bring about a higher level of value in the market for the higher, with the 50c higher and better to follow.

THE NEW MONEY

The new \$20 bill will carry a fine sketch of the White House. This will be about as close as most Americans can come to this noble residence, although some will insist that \$20 is enough to pay for a ring-side seat.

WILHELM, WOODCUTTER

Ex-Kaiser Wilhelm has cut down and sawed up all the trees on his estate at Doorn, and has gone to an adjacent forest to keep up his exercise. If he will say nothing and saw wood for the rest of his life nobody will make the slightest objection.

BACK TO THE SOIL

I want to be a farmer,  
And with the farmers stand,  
A silo on my shoulder  
And a barrow in my hand.  
Beneath the watermelon tree  
I'll lead my tractor true  
And all around the place you'll see  
Me do as farmers do.

TO FIT THE CRIME

They have some rare Gilbertian officials in Russia. To make the punishment fit the crime they jailed the superintendent of the Barabashik division of the Trans-Siberian Railroad because the trains were late in reaching Omsk. The question naturally arises who the heck wants to go to Omsk?

INCONSISTENT

Many people in Michigan are urging that the State return to capital punishment. One of their best arguments is the fact that Hoteling, the girl-slayer, could be given no greater punishment than another man who was sentenced to life imprisonment for having a pint of gin in his possession—his fourth felony. Consistency thou art not a Wolverine.

FOR FAVOR OF LAW

The candidates for the District Attorney's office present themselves on a platform of law enforcement. It was to be expected that some daring soul would make this radical declaration. Some souls have suspected that the office was more in favor of golf and deep-sea fishing than anything else. To have a District Attorney in favor of law enforcement may be quite a shock.

PUZZLE EXPERTS

The convention of the National Puzzlers' League has just been held and it is mentioned that the gathering was rather small, slow and sleepy. Possibly some of the customary attendants were kept at home in solving the great human puzzle of making both ends meet. But it would have been a fine thing if the politicians would take some of their problems and turn them over to these experts for solution. It is better than parading them up and down in front of the White House.

NOT SO TRANQUIL

Within twenty-four hours after Mayor Thompson made a press statement that the Chicago gunmen had all been driven out and the city had entered upon an era of serenity three men were murdered on the same night. Each man had been "taken for a ride"—that is, thrust into a motor car, taken to the suburbs, told to run away and then riddled with bullets, a favorite practice with Windy City gangsters. Somehow Mayor Bill's idea of serenity doesn't seem to jibe with the dictionary definition.

AN INVENTOR'S IRE

By sending the Wright brothers' first plane to England, Orville Wright has kept a threat he made two years ago when the Smithsonian Institution decided that Langley's plane was "the first heavier-than-air craft capable of sustaining a free flight under its own power, carrying a man." The Wright plane will remain indefinitely in the British Museum. Too bad that the ire of the inventor should have prevented its staying in this country, to represent to future generations a great American achievement.

NOT SO HEAVY

When it is figured that the Navy program as budgeted may be spread over ten years or more it isn't so much of a miscalculation. As Secretary Wilbur intimates, the women of the country will spend more for face powder in a year than Uncle Sam's Navy will spend for gunpowder in ten. When a country is spending more in its beauty shop than it is in its arsenals it cannot be very blood-thirsty. We want an army and navy capable of putting up a first line of defense in a sudden emergency. We are not paying enough to be even sure of that.

## HUGHES AT HAVANA

Passing through an unusually severe verbal barrage another Pan-American Congress has reached its temporary objective—adjournment without dissolution. Most of the oral missiles were directed at the policy of our own country, for the self-evident reason that it looms highest on the horizon of the two Americas and offers a shining mark. But we were not without a defender. Charles Evans Hughes fully justified the confidence reposed in him by the President and by the American people. His masterly address on Saturday night, in which he fully justified our right and duty to intervene when a government has ceased to function for the purpose of protecting our nationals from lawlessness, turned aside what was intended as a vote of censure, and won a vote of confidence.

His words were not evasive, were not apologetic. He sternly reminded the assembled delegates that there were limits beyond which they could not pass. "The United States cannot forego its right to protect its citizens," he admonished in a voice that compelled attention. "International law cannot be changed by resolutions of a conference like this. States have duties as well as rights. We cannot set up a government of self-will . . . I cannot sacrifice the rights of my country."

This vigorous declaration by Mr. Hughes was elicited by a resolution offered by Dr. Guerrero, Salvadoran delegate, unequivocally opposing any intervention by one state in the affairs of another. Mr. Hughes pointed out that emergencies arise when it is not only the right but the duty of another state to intercede. Such an emergency exists:

Where government itself does not function and all authority is gone—I do not speak of sporadic acts, mob acts which can occur in any country. It is a principle of international law that allows an outside government—I will not say intervention—but rather intercession—to protect its citizens.

There is no gainsaying the logic of his position. The delegates of the conference appreciated this when it was presented to them in concrete form, and the support promised the Salvadorean resolution dissolved like mists before the sun. A resolution was adopted unanimously placing all the American republics on record as opposed to wars of aggression; but the resolution which would deny to one state the right to intercede when government had ceased and its citizens were confronted by unrestrained license and violence—that resolution was withdrawn.

What Mr. Hughes said in regard to this resolution should be carefully studied by every American citizen, as it leads to a better understanding of our traditional national policy:

From time to time there arises a situation most regrettable in which sovereignty does not work. When in a given area there is no government, there independence and sovereignty cannot be. What are we to do when governments break down and American citizens are threatened? Must we see our citizens butchered because a government, for reasons beyond its control, cannot give them protection?

Mr. Hughes placed the Nicaraguan problem clearly and fairly before the delegates. There is a government "for reasons beyond its control," could not give protection. "There sits the Foreign Minister of Nicaragua," he continued pointing to the Nicaraguan delegation. "He can tell you, as I can, that we only wish liberty and independence of Nicaragua to establish a free election, leading to stable and independent government." And what he said in regard to Nicaragua was fully confirmed later by the Foreign Minister of that state.

OPEN DISCUSSION OF POLICIES

Ununited native-born youths between the ages of 15 and 21 are figuring higher in the records of arrest in our American cities than persons of any other period of life. According to the report of the superintendent of the criminal law bureau of the Common Pleas Court of Cleveland the tide of law-breaking reached its apex at those ages during last year, and criminologists say that the records of most other cities in this country tell the same story. The Cleveland report adds that the majority of murders are committed by married men at about the age of 24, while the largest percentage of men put to death in penitentiaries where electrocution is employed is between the ages of 24 and 35.

JUST WHY EARLY MANHOOD SHOULD BE THE TIME WHEN MEN COMMIT THE MOST CRIME IS NOT SATISFACTORILY EXPLAINED BY MOST STUDENTS OF CRIMINOLOGY, BUT PROF. HARRY ELMER BARNES OF SMITH COLLEGE, WHO IS A RECOGNIZED AUTHORITY ON THE SUBJECT, SAYS THAT SO-CALLED NEGLECT IS LARGELY THE CAUSE OF THE SOCIETY'S PROBLEMS.

FREQUENTLY THE CRIMINALS HAVE BEEN COMPelled TO STOP, FULLY, IN MY HASTE THROUGH THE PARK IS THE PARK AS IT WAS NECESSARY TO NEGOTIATE A WAY THROUGH THE EXCITED, EAGER CROWDS OF RADICALS AND THEIR PROPAGANDISTS AND SPEAKERS. AND THEY CERTAINLY ARE NOT OUT TO SUN THEMSELVES AFTER DARK—AS ONE OF THOSE ARRESTED ALLEGES IS THEIR ESSENTIAL PURPOSE.

HORTENSE E. VAN ZILE.

PLAN NEW OCEAN GIANTS

Defying the conclusions of many marine engineers, the giant trans-Atlantic express ships are not nonproductive luxury—at least for their owners—the North German Lloyd has put under construction two vessels of 25,000 tons each, to be ready a year from next spring.

THEY WILL BE SMALLER THAN THE LEVIATHAN, WHICH IS JUST UNDER 60,000 TONS, AND THE CROWN PRINCE HAS A DISPLACEMENT OF 52,000 tons, but they will be slightly longer than these competitors, and capable of developing a higher rate of speed.

THEMOR, HAS IT BEEN ADVISED, WILL FOLLOW THE ILE DE FRANCE OF 23,500 tons burden with a 60,000-ton vessel to be ready four years hence.

THE GENEVA LINEAR HAS PROPOSED TO BUILD AT ONCE TWO 46,000-ton liners for the Geneva-New York run.

OF 25,000 TONS EACH.

THEIR DISPLACEMENTS ARE UNDERSTOOD TO HAVE BEEN COMPLETED BY BOTH THE CUNARD AND THE WHITE STAR LINE.

## SOCIETY

BY JUANA NEAL LEVY

At a beautifully appointed luncheon and bridge party Saturday, the 11th inst., Miss Helen Dutton, attractive daughter of Mr. and Mrs. J. S. Dutton of Long Beach, announced her betrothal to Howard Hanna of Los Angeles, the wedding being planned as an early April event.

The decorations and appointments of the room were especially carried out with baskets of pink roses and peach blossoms, green tapers tied with pink malines and clusters of white lilies. The setting added an artistic touch while the colors favored were corsages of pink camellias.

During the serving of the last course, the girls and hearts were passed, revealing the secret.

Those included were Miss Marian Robertson, Miss Harriet Guiberson, Miss Alice G. Kierst, Miss Virginia Clark, Miss Helen Dutton, Miss Dorothy Van Warner, Miss Mildred Parsons, Miss Viola Vollmer, Miss Margaret Parker, Mrs. Robert McCourt, Mrs. John W. Morris, Frank Chapman and Mrs. Wayne Harrison of Los Angeles, Miss Evelyn Ellis, Miss Helen Dutton, Miss Mildred Davis, Miss Marjorie White, Miss Gertrude Wright, Miss Georginne Hanson, Miss Doris Cooper, Miss Marion Lynds and Mrs. John Probst of Long Beach.

**Extensive Trip**

Mr. and Mrs. John T. Cooper of San Francisco, with their sons Harry Brand and John Dean Cooper and daughter, Austin Phyllis Cooper, are sailing March 10 aboard the S.S. "Athenia" for a five or six-months trip abroad. They will be accompanied by Mrs. Cooper's aunt, Mrs. Leslie C. Brand, and plan to dock first in the East, while they plan to pass the Easter holidays in Switzerland through Italy and Northern Germany, touching in Austria, where they will visit in Vienna, and later will motor through France.

This is the second long European trip which Mr. and Mrs. Cooper and their family have enjoyed, and they will now return to Los Angeles until late summer.

**Sorority Activity**

St. John's Sorority at University of California at Los Angeles entertained with a beautifully appointed dinner in the Rainbow Isle of the Sorority House Saturday evening. The room was artistically decorated with spring flowers in the pastel shades and a profusion of ferns and tulips, and the sorority crest in gold added a delicate touch. The guests were given exquisite corsages of pink rosebuds and white lilies.

The affair proved to be one of the most delightful affairs of the campus midwinter season.

**Wedding Announcement**

Mr. and Mrs. Henry Miles Mosher announce the approaching marriage of their son, John, to Miss Dorothy Mosher, to Charles Carter Galt of Honolulu, the ceremony to take place the 26th inst., in the Church of the Good Shepherd. With the recent death of the bridegroom's mother the wedding will be a very quiet affair.

**Luau Party**

Mrs. Charles St. John Malles of 22 South Euclid avenue was hostess Friday afternoon at a luncheon party at the Hotel Huntington. Her guests, no less than 40, a round table decorated with centerpieces of sweetmints, roses and juncos, included Mrs. Roger Hartley, wife of the Governor; Mrs. W. H. Williams and Mrs. Louise Rogers, his sister, who is a resident of Buffalo, N. Y. The other guests were Mrs. D. H. Crosby of Glendale; Mrs. Royal Sawtelle of Claremont; Mrs. Royal Sawtelle of Glendale; Mrs. H. Hooper of Los Angeles; Mrs. James Parker, Mrs. Mrs. Clark, Mrs. Alice Wadsworth, Mrs. R. P. Closs, Mrs. William Haynes, Mrs. H. Hooper, Mrs. Anna Burgess and Miss Jenny Faine of Pasadena.

**Subsides Entertain**

Members of the senior and junior classes of Miss Orion's School gave a luncheon last Friday evening at the Hotel Huntington. A large rug was laid in the crystal room, the mirrored walls of which reflected the tall pink candles and floral decorations. The room was filled with fragrance from its entire length, juncos, delphinium and branches of acacia and flowering peach being used. After the luncheon, the girls in the dormitory in the ballroom, the regular program of the hotel including dancing.

For the dinner the guests were Miss Anna B. Orion, principal of the school, Miss Anne M. Redden, Miss Violet Stallcup, Miss S. L. Graham, Miss Dorothy Hartley, Lynn Wright, Miss Gilbert Parrett, member of the faculty, Miss Eleanor Grimes, Miss Marjorie Phillips, Miss Elizabeth Novak, Miss Noyes, Miss Lucia Moran, Miss Helen Dutton, Miss Margaret Fullerton and Miss Dorothy Lawrence. In the party were Misses Daniels, Miss Baxter, White, Gross, Anthony, Morrison and Ward.

**Home from Trip**

Dr. and Mrs. S. H. Kestenbaum returned from a trip north and after March 1 will be at home with their many friends in their new residence, 5416 Hampton Court, Hollywood. Mrs. Kestenbaum formerly was Miss Lee Sacha, daughter of Mr. and Mrs. Harry Sacha of Minnesota.

**Bridge Party**

An attractive affair of recent date was the Margot Ballroom given last evening by Miss Madge McFadden and Miss Elizabeth Kreisher of Los Angeles, the affair taking place at the home of the former, 1804 Culver Crescent, with Pasadena Yellow blossoms, acacia, juncos and other golden-yellow flowers decorated the rooms of the house and the entrance hall. The orchestra, composed of Misses Mary and Margaret McFadden, Mrs. Benjamin Wonders of Cleveland, Mr. and Mrs. James H. Thorne of Los Angeles, Mr. and Mrs. E. McFadden of Hollywood, Mrs. Louis Dorr, Miss Ester Cecile Adam of Hollywood, Miss Dorothy Jenkins Medford, Thorne, Burt, Lockwood, Mrs. George E. Price, Mrs. E. Price of Chicago, Blake Lyons, Carlyle Graham and Frank Herron.

**Colonial Dances**

The colonial dinner-dance and ball this evening at the Hotel Huntington will present many novel features. The ballroom will have a plantation setting with magnolia trees and green colonnades on the ground. The stage will be a Mississippi levee, the orchestra appearing in blackface. Red tablecloths and canopies will be used. The entertainment program will include colonial ballads. There will be a negro quartet and a yellow gal chorus. Negro clowns and tap dancers will alternate with the singing of part of the program. Prof. George Washington and orchestra, Washington will

## PUPILS IN MEXICO TO BE HELPED

Children Here Will Join Move to Supply Satchels for School Books

To replace the artistically designed woven-fiber bags which for centuries have been made by hand at a cost of a few cents and sling across their shoulders, thousands of school children of various sections of Mexico will receive this year, free of expense, leather-covered satchels in American style in which to carry their books.

As a phase of a nation-wide movement, Southern California young people are being urged to purchase these standardized bags, fill them with school supplies, pictures and games and mail them as an expression of interest in the good work.

At the call of the Council on International Relations seventeen representatives of prominent Southern California organizations yesterday appointed Mr. John Wyman, local honorary leader, to expedite the project which is nonsectarian, nonpolitical, noncommercial and approved by Mexican school officials.

## PRACTICAL RECIPES

LOBSTER NEWBURG

Place in a sauceman one and a half tablespoomfuls of melted butter, add two cupuls of cooked lobster cut in even-sized pieces and shake the pan over the fire until the butter is absorbed. Add four tablespoomfuls of sherry flavor, sprinkle lightly with salt and white pepper and shake the pan until reduced to a glaze. Set aside to cool.

Heat two tablespoomfuls of butter, add two tablespoomfuls of flour, a dash of Cayenne pepper, one cupful of cream of tartar, and one cupful of skin cream. Stir and cook until thick and smooth and keep in a pan of hot water.

Heat four tablespoomfuls of sherry flavor, a small piece of butter, set pan in a hot water bath and whip until the eggs are set. Combine the three mixtures, shake to mix and pour over buttered toast and garnish with toast points. Serve at once.

WASHINGTON PIE

H. F. Los Angeles, Cal.: Beat four tablespoomfuls of butter to a cream and heat it slowly to three-quarters of a cupful of sifted sugar, add two well-beaten egg yolks, and a few tablespoomfuls of flour, one and a half cupfuls of sifted flour, sifted with two and a half half-teaspoonfuls of baking powder and a few grains of salt. Mix three minutes and add the stiffly beaten whites of two eggs, fold in pour into buttered and floured cake pans and bake forty-five minutes. Serve with cream. Cool and spread between the layers a mixture made by beating two-thirds of a cupful of strawberry jam with one tablespoomful of melted butter and one tablespoomful of orange juice. Dust the top with powdered sugar and serve.

PEANUT BUTTER SALAD DRESSING

M. M. D. Pasadena, Cal.: One tablespoomful of mustard, one-half teaspoonful of sugar, dash of paprika, one tablespoomful of peanut butter, one cupful of milk, one-half cupful of weak vinegar. Place all the dry ingredients together in the upper part of a double boiler, add the egg or egg yolks, and the peanut butter; mix until smooth. Then add the milk and cook over low heat until thick, add the vinegar, heating it well. Cool and use.

SCOTCH POTATO SCONES

M. M. Hermosa Beach, Cal.: Mix four cupuls of mashed potatoes with four tablespoomfuls of melted butter, one cupful of flour, one cupful of grated cheese, one teaspoonful of baking powder, season to taste and blend thoroughly with two tablespoons of milk. Drop in two egg yolks. Roll out about half an inch thick, cut into rounds, and brush over with beaten egg. Place on a baking sheet, bake in a rather quick oven until golden brown. Serve with butter. Serve very hot.

VENETIAN CAKES

C. B. Los Angeles, Cal.: One-half a cupful of butter, one-half a cupful of powdered sugar, one and a half cupuls of pastry flour, one cupful of almonds, one teaspoonful of baking powder, one egg.

Create the butter and the sugar until very light; add the yolks well beaten and the one cupful of chopped almonds well. Add the vanilla and mix well. The dough should be rather soft. Take a small piece at a time, drop it in powdered sugar and roll it between the hands into a small ball. Put a piece of piastre in the top. Place the balls on an oiled and floured baking pan three inches apart and bake in a moderate oven for fifteen minutes or until they are slightly colored; they will flatten as baking and have the shape of macaroons.

LAMB CURRY

E. B. Los Angeles, Cal.: Out three pounds of lamb neck, breast or shoulder of lamb in a large kettle in a sauceman, cover with cold water, add one tablespoomful of salt and bring to a boil. Drain off the water and place the meat in a clean sauceman with one small onion stuck with two whole cloves, one stalk of celery, a bay leaf, six cupuls of water, bring to a boil, add one cupful of butter, one cupful of oil, one cupful of flour, one cupful of curry powder and one cupful of sugar powder and boil hot stir in four cupuls of the lamb broth, one peeled, cored and sliced apple, one slice of banana that has been cut in cubes, one cupful of Indian chutney; boil twenty minutes, rub through a fine sieve into a clean sauceman, add the cooked lamb and a second cupful of salt and pepper. Mix a border of rice, add a step hot platter, pour in the curry and sprinkle with chopped parsley, serve with the curry, chopped pickles, lemon and a few chopped hard-boiled eggs, hot Indian chutney and sweet Indian chutney.

COUSIN'S PARISIEN

J. A. B. Santa Barbara, Cal.: Two pounds of flour, one pound of butter, one pint of milk, one ounce of sugar, two ounces of yeast, dissolved in warm water; mix one-half a pound of the flour with one-half pint of water and the dissolved yeast, add the remaining flour and mix well. Let stand for one and a half hours, then add the remainder of the flour on a board and mix in the yeast paste when sufficiently risen. Add the salt, sugar and milk, beat well and add a second cupful of flour, let stand for a few minutes. Roll out, put the butter into the dough as for ordinary puff paste and roll in the same way, but giving it only half the number of turns.

KUMQUAT MARMALADE

G. N. C. North Hollywood, Cal.: Wash and slice very thin three pounds of kumquats. Place in a preserving kettle with half a cupful of water, and simmer slowly until tender, be careful that it does not burn. Add the same quantity of sugar and boil until a little will jell when tried on a cold plate. Seal and store.

SPANISH CREAM

F. G. L. Los Angeles, Cal.: Soak one-half a box of gelatin in four cupuls of milk for one hour. Then pour on the fire and mix until it begins to thicken. Add slowly the yolks of three well beaten eggs and a half cupful of sugar. When it boils strain into a mold that has been rinsed with cold water, flavor with vanilla, cover and place in the

## PLANS FOR PROGRESS OUTLINED

President Von KleinSmid Defines Social Welfare Schools' Needs at Dinner

Man and Wife Both Fail to Win Divorce

Testimony that he is the sixth husband and that she is seeking No. 7 failed to have weight with Superior Judge Tappan yesterday in the divorce action of Ernest F. Carpenter, who sought a decree on the ground of cruelty.

Carpenter was denied a decree on her cross-complaint, in which she said her husband struck and abused her.

Carpenter testified that his wife's parents had got him in trouble with the husband and get rid of him in the courts, that she could make no more progress.

Incontestable evidence was given by the sides as reason for denying the ples of each for a decree.

## COMMUNITY STUDIES COMMUNITY NEEDS

MONROVIA, Feb. 20.—The City Board of Trustees announced today that they will assist the committees of Monrovia business men and citizens in their survey or the present form of city government. Assurance was given that the city's co-operation was given by J. G. McBratney, chairman of the committee.

The object of the committee is to make a survey of the present facilities of city government and then to propose to possible future need. In addition to Mr. McBratney as chairman, other committee members are Dr. Emory S. Bogardus, its director, told the gathering. The work of the school, its praises and need for increased emphasis was outlined by a number of the guests. Among those who discussed the university's plan to extend the work of the school were L. Irving H. Smith, president of the university; Charles T. Butt, Mrs. George H. Clark, Rabbi Ernest B. Tristine, and William W. Bearman.

As a preface to the discussion, President Bogardus told of the university's plan to celebrate the fiftieth anniversary of the founding of the university by providing a fund of \$10,000,000 for new buildings and increased activities in existing departments, better salaries for the teaching staff, and a system of pensions for retired teachers.

The woman who Sunday night attempted to end her life in Angelus Temple was identified yesterday as Mrs. Ethel B. Polk, 25, according to police records at the General Hospital where she is suffering from the self-administered poison. The woman, who is about 10 years old, was found unconscious. Financial troubles were given as the cause for her attempt at suicide, according to a letter which police found in her purse.

CONSTITUTION IS OFTEN UNDETECTED

Even Regular Bowel Movements May Not Be Enough

90% of modern city people are victims of constipation. Some know what is wrong, because their bowel movements are irregular. Others have the same symptoms, but because their bowel movements are regular, do not know they suffer from intestinal poisoning. In these cases the movements, although regular, are not complete, and decayed material remains in the intestine to poison the entire system.

In either case the results are bad. Headaches, loss of vitality, sallow complexion, listlessness, increased susceptibility to serious diseases which may result in premature disability or death—all come from constipation caused by modern soft diet and soft life.

The remedy is simple. Add bulk and roughage to your diet. Eat prunes, fruit, vegetables, etc. It will do the same for you. Don't form the dangerous laxative habit—use roughage, the natural cure. The best kind is the true 100% bran, Pillsbury's Health Bran. It furnishes the bulk which is so vital to your health.

Warning—be sure you get natural bran, not bran flakes. Because it is unadulterated, uncooked and unsweetened, it really does the work—it gives you the full, gentle, natural laxative action of the unbroken flakes. Use it to prepare delicious foods, muffins, tea-cakes, apple cake, macaroons, doughnuts, etc. That's the way to eat bran—your own bran, not the artificial stuff which reduces its laxative value.

Eat it three times a day—delightful recipes are printed on every package.

CRACKERS IN BED CAUSE DIVORCE

Wife Testifies When She Hates Mate Went to Wild Parties

William G. Randle would have his bed-time cracker. Now he has no wife.

Mrs. Madeline Randle was testifying before Judge Schauer yesterday at trial of her suit for a divorce.

"Judge, I simply could not stand those cracker crumbs in bed," she related. "He insisted on eating crackers in bed, and, of course, there would be crumbs on the sheet."

One thing led to another. To keep from having to sleep on cracker crumbs, Mrs. Randle hid the crackers, she said. Randle got into the habit of going to "wild parties," she said, thus squandering his money.

"I generally had colds in winter but now Father John's Medicine keeps me free from colds during the bad weather. Since giving it to my baby boy it has also prevented his catching cold and done a lot to make him healthy and strong." (Signed) - Mrs. Pauline Vitanza, Ventnor, N. J.

## A CLEAR COMPLEXION

Ruddy cheeks—sparkling eyes—most women can have. Dr. F. M. Edwards for 20 years treated scores of women for their complexion difficulties. During these years he gave his patients a substitute for calomel made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. Know them by their olive color.

These tablets are wonder-workers on the liver and kidneys which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, yellow look, dull eyes, pimples, coated tongue, headache, a listless, no-good feeling, all out of sorts, invisible bowels, you take one of Dr. Edwards' Olive Tablets nightly for three weeks the pleasing results.

Thousands of women and men take Dr. Edwards' Olive Tablets—now and then to keep fit, 15c, 30c and 60c.—[Advertisement.]

## OUR HISTORY IN PICTURES 957

NOVEMBER 10, 1871. HENRY STANLEY WITH HIS LONG TRAIN OF NATIVE GUN-BEARERS AND PORTERS, APPROACHED THE VILLAGE OF UJJI ON THE SHORE OF LAKE TANGANYIKA. STANLEY WAS GREETED BY A NATIVE, WHO EXPLAINED IN BROKEN ENGLISH THAT HE WAS DR. LIVINGSTONE'S SERVANT, AND THAT HIS MASTER WAS IN UJJI.

AMID THE WELCOMING SHOUTS OF THE INHABITANTS, THE "STARS AND STRIPES" CARRIED INTO THE VILLAGE, AND HERE STANLEY MET THE MAN HE HAD COME HUNDREDS OF MILES TO FIND.

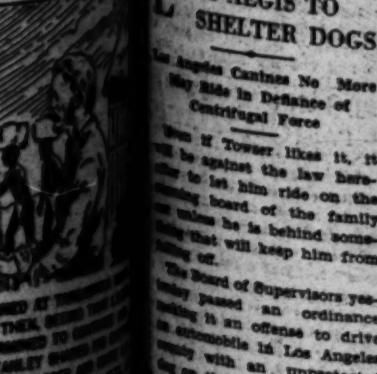

LIVINGSTONE HAD BECOME SO ABSORBED IN EXPLORING THE VAST WILDERNESS THAT LAY IN THE INTERIOR OF THE "DARK CONTINENT" THAT HE HAD LOST CONTACT WITH THE OUTSIDE WORLD, AND WAS UNWILLING TO ABANDON THE GREAT WORK HE WAS DOING AND RETURN TO CIVILIZATION.

STANLEY REMAINED AT THE VILLAGE UNTIL FEBRUARY, 1872. THEN HE SET OUT AGAIN. STANLEY WAS DETERMINED TO END HIS EXPLORATIONS, STANLEY MADE HIS WAY BACK TO THE COAST, WHERE HE HAD LANDED IN ENGLAND, WHERE HE RECEIVED HONORS FROM QUEEN VICTORIA AND THE GEOGRAPHIC SOCIETY.

LAW'S AEGIS TO SHELTER DOGS

Los Angeles Canines No More May Ride in Defense of Constitutional Force

John W. Tower likes it, it is against the law here to let him ride on the family automobile. The measure was adopted on the motion of Supervisor Mansfield, whose feelings received a check when he saw a dog split from a moving car.
